

ABHINAV KARANDE

Cybersecurity | Web & Android VAPT | CCNA

9270889444

karandeabhinav@gmail.com

Pune, Kharadi

SUMMARY

Cybersecurity-focused BCA final-year student with hands-on training in Ethical Hacking, Web Application VAPT, and Android VAPT. Strong foundation in CCNA networking with practical experience in vulnerability assessment, penetration testing, PoC development, and security reporting. Seeking opportunities in Application Security and VAPT roles to apply real-world testing and remediation skills.

EDUCATION

Shoolini University, Himachal Pradesh

Bachelor of Computer Applications (BCA)
2024 – 2027

Maharashtra State Board

Higher Secondary Certificate (HSC),
Science

SKILLS

Networking & Systems

- CCNA, TCP/IP, Subnetting, VLAN
- Routing: OSPF, EIGRP
- Firewalls, Network Troubleshooting

Web & API Security

- Web Application VAPT, OWASP Top 10 (2025)
- SQL Injection, XSS, Security Misconfiguration
- API Security Testing, Authentication & Access Control
- Tools: Burp Suite, OWASP ZAP

Mobile Security

- Android VAPT, Static & Dynamic Analysis
- API Traffic Inspection, SSL Pinning Bypass
- Tools: Frida, JADX

Security Tools

- Nmap, Wireshark, Metasploit
- Kali Linux

Assessment & Reporting

- Vulnerability Assessment, Penetration Testing
- PoC Development, Impact Analysis
- Remediation Documentation, Security Report Writing

PROJECTS

Web Application Vulnerability Assessment & Penetration Testing (VAPT)

Target:- Gin & Juice (Practice Application)

- Conducted end-to-end Web Application VAPT aligned with OWASP Top 10 (2025)
- Identified Critical and High-risk vulnerabilities including CSTI, SQL Injection, XSS, XXE, SSRF, and security misconfigurations
- Performed manual testing using Burp Suite, OWASP ZAP, and Burp Collaborator
- Developed detailed PoCs, performed impact analysis, and provided remediation recommendations
- Project Report: [View Report](#)

CERTIFICATIONS

- CCNA (Cisco Certified Network Associate) – Cisco Networking Academy
- Ethical Hacking – EC-Council | Cybervault, Pune
 - Certificate Number :- ECC1456328907
- Web Application VAPT – Cybervault
- Android VAPT (Ongoing) – Cybervault
- IT Essentials & Networking Academy – Cybervault
- Cloud Computing Fundamentals
- Cyber Secure User

EXPERIENCE / TRAINING

Cybervault, Pune (Kothrud) | 2024

- Trained in Ethical Hacking, Web Application VAPT, and Network Security
- Performed vulnerability assessments and penetration testing using Burp Suite, OWASP ZAP, Nmap, and Wireshark
- Developed Proof of Concepts (PoCs) and created structured security reports with remediation recommendations
- Practiced OWASP Top 10 (2025) vulnerabilities through hands-on labs
